Zionist Cult Watch Update

Commentary by Brian Shilhavy
Editor, Health Impact News

This is the first edition under Trump 2.0 of regular reports I plan to publish in the “Zionist Cult Watch” series.

Zionism is a cult, and if you do not understand Zionism and its teachings which contradict the teachings of the New Testament portion of the Bible, please see:

Exposing the Christian Zionism Cult

President Donald Trump's family is part of this cult, and as I reported in my first article last month about the Trump 2.0 presidency, this Zionism Cult along with new planned vaccines are the two most dangerous policies one needs to be aware of in Trump 2.0.

In that article, I included two videos about Donald Trump's alleged conversion in 2017 when he became a Jew. See:

A Look at Trump 2.0 in 2025: Zionist Expansion and More Vaccines

Donald Trump takes the oath for the President of the United States on January 20, 2025, without placing his hand on either of the two Bibles that Melania Trump was holding.

That article was written before the inauguration, and during the inauguration in Washington D.C., Donald Trump became the first president in U.S. history to NOT put his hand on the Bible in front of him* as he took his oath of office (which he DID do in 2017 when he was sworn in), giving further evidence that he is, in fact, a converted Jew, since no religious Jew would ever put their hand on a Bible, because they totally reject Jesus as the Messiah, and consider the entire New Testament portion of the Bible as “blasphemy.”

The most evil and Satanic teaching of Zionism is the belief that one class of people is more privileged and special than all other classes of human beings, which then gives a “moral” reason to hate other groups of human beings, and even mass murder them and commit acts of genocide against them.

Make Israel Great Again! Zionists to Take Control of the U.S.

Trump has been putting hardcore Zionists into his administration since Day 1, and one of them, Martin Oliner, who was appointed by Trump to serve on *the US Holocaust Memorial Council*, probably best exemplified this dangerous cult in an opinion piece he wrote for The Jerusalem Post just a few days ago on February 1, 2025:

Let Donald Trump make Gaza great again – opinion

There has been an international uproar since US President Donald Trump told reporters on Air Force One on a flight from Las Vegas last weekend that he wants Arab countries to absorb the population of Gaza during its reconstruction.

The president was right in saying that much of Gaza is currently inhabitable, though I would have preferred he add context, blaming Hamas for dooming Gazans by attacking Israel mercilessly on October 7, 2023.

He has worked in real estate long enough to understand that during lengthy reconstruction projects, out of the box thinking is required. Those who purport to care about Gazans should be gushing with praise for the president for caring enough to find them a positive resolution to their current problems.

And those like myself who do not believe Gazans are worthy of any mercy should welcome it as well.

*LET'S NOT mince words here. **The people of Gaza are collectively guilty** for invading Israel, murdering, raping and kidnapping Israelis and holding them hostage.*

***The actions of the Gazan people prove they need detoxifying education** before the reconstruction should even be able to begin. **They are fundamentally evil, and they must pay a price for their actions.** (Full article.)*

This is the demonic attitude of the Zionists, and there are MORE Christian Zionists in the United States than there are Jewish Zionists in Israel, by far. They believe that an entire group of people, the Palestinians, are ALL evil based on their ethnicity, and that includes babies and children, as tens of thousands of them have already been massacred in Gaza.

This hatred and murderous attitude of the Zionists is not limited just to the Palestinians in Gaza, but also extends to Iranians and other Arab people, such as the Lebanese Arabs, 30% of whom are Christians.

Jared Kushner owns 666 5th Ave. - Tallest Building in Brooklyn

Senior Advisor to President
Trump on Mideast Policy

So while President Trump's comments yesterday about wanting the U.S. to rebuild Gaza and his demand that all Palestinians leave immediately shocked the world, it was no shock to me, because this is what Zionists do. Donald Trump, along with his Jewish son-in-law Jared Kushner, are billionaire real estate developers, and Jared Kushner has been saying the same thing since the current war in Gaza started in October of 2023.

Here is one comment he made about a year ago:

Former Trump official calls Gaza's waterfront property 'very valuable' | Al Jazeera...

And yesterday, in a meeting with Israeli Prime Minister Benjamin Netanyahu, Trump restated what Jared Kushner has been saying about developing Gaza, that the U.S. would do this, and then told the Palestinian people that they need to leave their homeland and go somewhere else.

presentation

Trump mentioned Egypt and Jordan as two countries who could take in the 1.8 million Palestinians, but leaders of both countries were quick to dispute Trump's remarks, even as Trump stated he would not rule out using the U.S. military to rebuild Gaza. (Source.)

Just one day earlier, Trump asked Congress to send \$1 billion in military weapons of mass destruction to Israel, including 4,700 1,000-pound bombs worth more than \$700 million and \$300 million worth of armored bulldozers, which the Israeli military uses to demolish homes and infrastructure in Gaza and the West Bank. (Source.)

All Eyes on Jerusalem Now?

I repeatedly reported during the Biden presidency that the U.S. is responsible for all the atrocities of the Zionists in Israel, such as the bombing of innocent civilians and children in Lebanon with the exploding pagers and cell phones, because the U.S. is supplying all the arms to Israel, and without the backing of the U.S., none of this would be possible.

Israel is the de facto 51st State of the U.S.

The U.S. technology companies, such as Google, are providing the intelligence networks and communications used to carry out assassinations and bombings by Israel, and there is every indication that they are going to continue to do.

Just today, it was announced that Google is ending their policy against using artificial intelligence for weapons or surveillance.

Google Ends Its Promise Not to Use AI for Weapons, Surveillance

Google has ended a policy against using artificial intelligence for weapons or surveillance, six years after first committing to the restriction. OpenAI made a similar change at the beginning of last year.

Google's new policy says it would use AI responsibly by "implementing appropriate human oversight, due diligence, and feedback mechanisms to align with user goals, social responsibility, and widely accepted principles of international law and human rights."

The policy previously included explicit prohibitions against using AI for weapons or surveillance and said that it would not use AI for "technologies that cause or are likely to cause overall harm." (Source.)

So while Biden and Harris pretended to be against Israel's genocidal acts of terrorism while at the same time supplying them with weapons and technology to do so, Trump came right out into the open yesterday and admitted that future operations in Gaza will be conducted by the United States, so that there can be no doubt anymore that Israel and the U.S. are one and the same today.

In the days ahead watch what happens in the West Bank, and specifically in the city of Jerusalem, where the Zionists have been very open about having President Trump finish the job he started during his first presidency, when he had the U.S. become the first nation in the world to move their embassy from Tel Aviv to Jerusalem, and establish a U.S. military base there.

Their expectations are that Trump and the U.S. military will help them destroy the Al-Aqsa Mosque in Jerusalem, and build a new Jewish Temple, which will most certainly begin World War III in the Middle East.

Trump doesn't need to win any more elections, and yesterday showed he is now coming out into the open and admitting that this is the U.S. plan now.

And anybody who dares to criticize or oppose him in this, will be labeled an "antisemitic", whom he has stated previously could face the death penalty, if he gets his way.

Are there enough non-Zionists left in the U.S. to oppose him?
